OFFICE CHAIR

Height adjustment can reduce the burden on the leg muscles and prevent unnatural body posture
The headrest design, S-shaped chair back, lumbar pillow, etc. support the body, which can reduce people's energy consumption
Adjustable function can correct people's sitting posture, reduce the fatigue of people sitting for a long time, thereby reducing the burden on the blood system
Roller, no noise, will not scratch the floor

Quality is our culture!

TRAINING CHAIR

Height adjustment can reduce the burden on the leg muscles and prevent unnatural body posture
which can reduce people's energy consumption
Adjustable function can correct people's sitting posture, reduce the fatigue of people sitting for a long time, thereby reducing the burden on the blood system
Roller, no noise, will not scratch the floor

Quality is our culture!
